

Year 10 PPE1 Post-School Revision Timetable

Are you ready
for exams?

On Monday 7th January, Year 10 Pre-Public Examinations begin for a two-week period. Your exam timetable will follow presently. It is essential that you treat these exams as if they were the REAL EXAMS in the Summer 2020 as they can be used to gain your final grade.

Please find below an outline of the sessions you are EXPECTED to attend over the next two weeks for revision. Staff are setting these up so that you can be assisted with your revision, in preparation for your PPEs. This will work inclusive of the revision timetable which you have all been given to create. If you attend any Year 10 intervention sessions, these sessions below will replace them for the next two week period.

Registers of attendance will be taken. This timetable will also be available on the Year 10 Achievement Section of the School website.
