

Remote Learning Survey – Students

Thank you for completing our recent survey during Half Term 3. Please find below some areas where clarification was required:

<https://ninstilesacademytrust.sharepoint.com/sites/studentportal/Cockshuthill>

- **Technology and devices** – we appreciate that technology, for all its benefits, can have its disadvantages as it may cut out, go offline etc. All staff will record their live lessons for you to revisit. Do your best to hand in work. It does not have to be typed – we have received some beautiful pieces of revision work and annotated lessons notes.
- **Help** – if you are not sure about something that has been mentioned in the lesson, raise your 'hand' icon or post in the chat. It will be addressed, and others may be thinking the same! If it is after the lesson – send a message in the class Chat to the teacher – they will also get it and respond. Or a peer may respond if they know the answer!
- **Amount of work** – we appreciate you are getting a lot of information compressed into a shorter amount of time than you would whilst in school, where we would have 75-minutes, in comparison to 30 minutes online. This allows you time to complete work. Alongside this, you would normally receive homework, under normal circumstances. Therefore, additional work that you have not managed to complete is the equivalent of homework and can be done asap and then turned in to your teachers.
- **Staying safe online** – we have created an assembly before half term about the importance of keeping safe online. If you missed it, check your form Teams or contact Mrs Croydon for further guidance. Our EdTech Team are also working on a new school programme to ensure that all aspects of Online Safety are addressed for both students and parents, based on the very recent government guidance.
- **Well-being** – stick to routine. Just because you are at home, does not mean you cannot keep a routine – set an alarm as you would for a normal school day! Please do look to our website <https://www.cockshuthill.org.uk/wellbeing-support/> for support or contact the school and ask to speak to a member of the welfare team. Do not be afraid to speak with your pastoral manager also, or any member of staff – we are all here to help. When you are feeling stressed or not your usual self, take some time away from any screen – listen to music, read a book or go for a walk (staying safe). If someone is using technology to cause you upset – report it. Most importantly – talk!

If you are struggling with the work in one particular area – speak to that teacher or contact your pastoral manager or achievement leader. We have a wealth of people who will support you, here at Cockshut Hill School.
